Investors in PIFs are not protected by any statutory compensation arrangements in the event of the fund’s failure. Since the Company operates as a Self-Managed Professional Investor Fund in terms of the MFSA Rules, the management of its business and activities will be carried out internally through an Investment Committee appointed by the Board of Directors of the Company. The Directors are also generally responsible for the safekeeping of the assets of the Company and the proper administration of the Company. The Company has however delegated various functions, including safekeeping, administration, registrar services and the day to day portfolio and risk management. The Board has in this regard engaged the Executing Brokers, the Administrator and the Investment Manager.

### Share Offer

Up to 100,000,000 Class A Investor Shares with no nominal value are on offer. The offering of the Class A Investor Shares at the Initial Offering Price shall open on the 7 July, 2016 and close on the Closing Date. The Company is entitled to close the Initial Offering Period at any time prior to the Closing Date or to extend it beyond the Closing Date and this at its sole discretion.

During the Offering Period, which shall commence on the first Business Day after the close of the Initial Offering Period, the offer will be for Investor Shares at the Offering Price applicable on the relevant Subscription Day. The Offering Period shall remain open until such time as the Directors determine otherwise.

### Acquisition of Investor Shares

Purchases of Investor Shares can be made at the Initial Offering Price during the Initial Offering Period and thereafter at the prevailing Offering Price, by:

- i. submission to the Company at the office of the Administrator of a properly executed Subscription Agreement including the Qualifying Investor Declaration Form, the Bank Transfer Instruction Letter and those documents required in the AML Supplement; and
- ii. remitting the related subscription monies.

In respect of each subscription for Investor Shares during the Offering Period, the Subscription Notice Period shall run as from the first Business Day following receipt by the Company at the office of the Administrator of both:

- a. the documents listed under (i) above; and
- b. confirmation that the full amount subscribed for the Investor Shares has been received in cleared funds.

The Investor Shares will be issued on the first Subscription Day following the expiration of the said Subscription Notice Period.

Full details of the application and subscription process appear in “**Section 9 | Acquisition of Investor Shares**” of the Offering Memorandum.

A specimen Subscription Agreement and Qualifying Investor Declaration Form may be obtained from the Administrator.

### Redemption of Investor Shares

Investors are directed to “**Section 10 | Redemption of Investor Shares**” of the Offering Memorandum where the procedures relating to the redemption of Investor Shares and the conditions applicable thereto are outlined. In terms of the Memorandum and Articles, redemption requests are, once made, irrevocable.

In respect of each redemption request, the Redemption Notice Period shall commence to run following receipt by the Company at the office of the Administrator of a valid Redemption Form. The Investor Shares will be redeemed on the first Redemption Day following the expiration of the said Redemption Notice Period.

A specimen Redemption Notice may be obtained from the Administrator.

Net Redemption Proceeds due will typically be paid out within five (5) Business Days from the relevant Redemption Day.

## **Exchange of Shares**

Investor Shares in the Sub-Fund may be exchanged with any other Class of Investor Shares in issue in any other sub-fund established by the Company which allows for such exchange to take place.

Exchanges of Investor Shares in the Sub-Fund with any other Class of Investor Shares in issue in the Sub-Fund is also permitted.

## **Deferral of Redemption**

The Directors may in their exclusive discretion limit the total amount of redemptions effected on any Redemption Day to 10% of the outstanding Investor Shares in the Sub-Fund on that day (in each case before processing requests for the issue of the Investor Shares or requests for redemptions of such Investor Shares for such Redemption Day). In such circumstances the Company or its authorised agent may scale down pro rata the number of the Investor Shares to be redeemed in response to each request for redemption to the extent necessary to ensure that the foregoing limit is not exceeded, and shall carry forward the balance for redemption as at the next Redemption Day and so on to each succeeding Redemption Day until each request has been complied with in full. Requests for redemption carried forward from an earlier Redemption Day shall have priority over later requests.

## **Investment Restrictions**

Other than what is stated above, there are no restrictions in the manner and extent to which the Company may deploy, pledge or otherwise give as security, the assets of the Sub-Fund, or assume liabilities, in pursuit of the specific investment objective, approach and strategies of the Sub-Fund.

Please see the subsection below entitled “**Borrowing Powers**” for further details.

## **Borrowing Powers**

The Company may borrow funds to pursue the investment objective, approach and strategies of the Sub-Fund. The Company may also borrow money to meet requests for the redemption of Shares.

Please also refer to the above subsection entitled “**Investment, Borrowing and Leverage Restrictions**” for information on the possibility for the Sub-Fund to use leverage.

## **Risk Factors**

Investors are directed to the Offering Memorandum where the risk factors applicable to investment in shares of the Company, including in Investor Shares, are explained.

**Performance Fee**

The Company will not adopt an equalisation methodology for the calculation of the Performance Fee due to the Investment Manager. Shareholders may accordingly underpay/over pay any Performance Fee due to the Investment Manager when subscribing and/or redeeming their Investor Shares.

**Foreign Exchange Trading Risks**

Currency trading is volatile, highly leveraged and may be illiquid. Currency spot, forward and option prices are highly volatile. Such prices are influenced by, among other things: changing supply and demand relationships; government trade, fiscal, monetary and exchange control programs and policies; national and international political and economic events; and changes in interest rates. In addition, governments, from time to time, intervene directly and by regulation in these markets with the specific intention of influencing such prices.

Furthermore, as an added risk in these volatile and highly leveraged markets, it is not always possible to liquidate positions to prevent further losses or recognize unrealized gains. Principals in the interbank currency markets have no obligation to continue to make markets in the currencies traded. There have been periods during which certain banks and dealers have refused to quote prices for currencies or have quoted prices with an unusually wide spread between the price at which they are prepared to buy and that at which they are prepared to sell. The inability to liquidate currency positions creates the possibility of the Fund being unable to control its losses.

**Algorithmic Trading Systems**

The Sub-Fund's investment strategies and trading systems make extensive use of computers. The Investment Manager will direct the purchase or sale of financial instruments for the Sub-Fund in accordance with computer-generated trading trades. The use of a computer in collating information or in developing and operating a trading method does not assure the success of the method. A computer is merely an aid in compiling and organizing information and in executing algorithms developed by human beings. Accordingly, no assurance is given that the trading decisions based on computer-generated information will produce profits for the Sub-Fund.

**Use of Prime Brokers to Hold Assets**

Some or all of the assets of the Sub-Fund may be held in one or more margin accounts with the prime brokers. The margin accounts may provide less segregation of customer assets than would be the case with a more conventional custody arrangement. The prime brokers may also lend, pledge or hypothecate the assets of the Sub-Fund in such accounts, which may result in a potential loss of such assets. As a result, the assets of the Sub-Fund could be frozen and inaccessible for withdrawal or subsequent trading for an extended period of time if the prime broker experiences financial difficulty. In such case, the Sub-Fund may experience losses due to insufficient assets of the prime broker to satisfy the claims of its creditors and adverse market movements while its positions cannot be traded which would adversely affect the total return to the Sub-Fund.

**Investment in other CISs managed by the Investment Manager**

The Sub-Fund may invest in collective investment schemes managed by the Investment Manager including other sub-funds of the Company. In this case, the Investment Manager shall reimburse the Sub-Fund any investment management and/or performance fees, as well as any applicable subscription and/or redemption charges, received in connection with the Sub-Fund's investment in the target collective investment scheme.

THE SUB-FUND'S INVESTMENT PROGRAM IS SPECULATIVE AND ENTAILS SUBSTANTIAL RISKS. MARKET RISKS ARE INHERENT IN ALL INVESTMENTS TO VARYING DEGREES. THE PRACTICES OF LEVERAGE AND ENGAGING IN FINANCE TRANSACTIONS, CAN, IN CERTAIN CIRCUMSTANCES, INCREASE THE ADVERSE IMPACT TO WHICH THE FUND'S INVESTMENT PORTFOLIO MAY BE SUBJECT. NO ASSURANCE CAN BE GIVEN THAT THE SUB-FUND'S INVESTMENT OBJECTIVE WILL BE REALISED. AN INVESTOR MAY LOSE SOME OR ALL OF HIS INVESTMENT.

### **Pricing**

The calculation of the NAV of the Sub-Fund shall be effected by the Administrator at such intervals and on each Valuation Day and in such manner as is stated in the Offering Memorandum.

## SECTION 4 | THE EXECUTING BROKERS

As allowed by applicable law, IBLLC is also authorised in terms of the IB Agreement to lend to itself or others securities or assets of the Sub-Fund. IBLLC may, without notice to the Company, pledge, re-pledge, hypothecate or re-hypothecate the Sub-Fund’s securities and assets for any amount due in any account with IBLLC in which the Sub-Fund has an interest without retaining in IBLLC’s possession or control a like amount of assets.

In terms of the IB Agreement, IBLLC’s liability, regardless of the form of action and damages suffered by the Sub-Fund, is limited to the aggregate commissions paid by the Sub-Fund over the (6) six months prior to the event giving rise to the claim.

Zarattini or the Company may terminate their business relationship with immediate effect at any time upon giving written notice to the other party.

The Zarattini Terms of Business are governed by Maltese law and are subject to the non exclusive jurisdiction of the Maltese courts.

The fees and charges of Zarattini are set out in “**Section 5 | Fees, Charges and Expenses**” hereunder however these are subject to variation from time to time.

### **Saxo Bank (Schweiz) AG**

In terms of general terms and conditions (the “**SB T&Cs**”) governing the relationship between the Company and **Saxo Bank (Schweiz) SA (“SBS”)**, the Company has appointed the latter as the executing broker of the Sub-Fund. SBS is authorised as a bank and securities dealer with the Swiss Financial Market Supervisory Authority (FINMA). SBS is an online trading and investment specialist, enabling clients to trade Forex, CFDs, Stocks, Futures, Options and other derivatives, as well as providing portfolio management via SaxoTrader.

In terms of the SB T&Cs, SBS may inter alia provide execution, settlement and carrying services to the Sub-Fund. SBS may also provide safekeeping services in relation to assets of the Sub-Fund delivered to SBS in accordance with the applicable terms of the SB T&Cs.

The SB T&Cs are governed by the laws of Switzerland, and subject to the jurisdiction of the courts of Zollikon, Switzerland. Disputes in connection with the SB T&Cs are to be subjected to arbitration in accordance with the IB Agreement.

The present fees and charges of SBS are set out in “**Section 5 | Fees, Charges and Expenses**” hereunder however these are subject to variation from time to time.

## SECTION 5 | FEES, CHARGES AND EXPENSES

### Investment Management Fee

The Company will pay the Investment Manager an Investment Management Fee of 2.30% per annum of NAV in respect of the Class A Investor Shares. The Investment Management Fee will accrue on every Valuation Day and shall be payable quarterly in arrears.

The Investment Manager will be reimbursed for all properly incurred and approved out-of-pocket expenses.

### Performance Fee

The Investment Manager shall also receive from the Company in respect of the Sub-Fund a Performance Fee on the appreciation in the Gross Asset Value ("**GAV**") of the Sub-Fund over the previous High Watermark ("**HWM**") multiplied by the average number of Investor Shares in issue in the related class of Investor Shares from the end of the previous Calculation Period on which a Performance Fee was paid.

The Performance Fee in respect of each Calculation Period will be calculated by reference to the Net Asset Value ("**NAV**") before deduction for any accrued Performance Fee.

For each Calculation Period, a Performance Fee shall be payable in the amount of 30% on the appreciation of the Sub-Fund's GAV over the previous HWM.

Once a Performance Fee has been paid, additional Performance Fees will be payable only once the Sub-Fund's GAV exceeds the new HWM. The HWM is the higher of: (a) the Initial Offering Price and (b) the highest NAV per Share on which a Performance Fee was paid.

The Performance Fee will be deemed to accrue as at each Valuation Day and shall be payable quarterly in arrears and normally within fourteen (14) calendar days of the end of each Calculation Period.

The Company will not adopt an equalisation methodology for the calculation of the Performance Fee due to the Investment Manager. Shareholders may according underpay/over pay any performance fee due to the Investment Manager when subscribing and/or redeeming their Investor Shares.

### Administration Fee
